

STALWART

Eyepiece Adapter Fixed
SCN2F-0.5×23.2mm

Description

These adapters are used to connect the C-mount cameras to the microscope eyepiece tube or trinocular tube of 23.2mm. If the eyepiece tube diameter is 30mm or 30.5mm, you can plug the 23.2 adapter into the 30mm or 30.5mm connecting ring and then plug into the eyepiece tube.
